Note that preliminary search filed on January 10, 2006. Not screened where applicant claimed priority for us application No. 09/11, 381 in the first sentence of the specification and the examiner added us patent 80. for us application no. 09/11, 381. The rejections were made after consulting with 1600 Biotech specialist Brian Stanton and SPT 637 Gary Benzion. Primary Examiner Ethan L. Green suggests that the examiner did not make 102/103 rejection on claim 20.
